ness of Mr. P. E. Dursi carried on in
Qu'Appelle under the management of Mr.
W. E. Ingraham, and will keep in stock a
full line of

Watches, Clocks,
JEWELRY, SILVERWARE,
DIAMONDS, SPECTACLES,
ETC., ETC., ETC.

Particular attention paid to Repairing all
kinds of Fine Watches.

Orders by Mail or Stage promptly
Attended to.
R. B. FERGUSON,
QU'APPELLE.

At the close of this part of the program
Mr. Nichol gave his lecture, which was lis-
tened to with great attention. It was found
on the words of the wise man: "Life and
death are in the power of the tongue," and
contained excellent counsel, rebuke and
warning, as well as sufficient "meat" to make
it agreeable. A. G. Thorburn, M. L. A., oc-
cupied the chair and made some suitable
sympathetic and pointed remarks. At the
close of the lecture Mr. H. McKenzie, a
member of the committee, said he wished
to read a short statement. The following is
the address which he read:

Dear Sir:—We take this opportunity of
presenting you with a gift, here Mr. Wm.
Bartley handed to the minister a purse of
money, not because of its value, but as a
sight token of the love and esteem we have
for you for your faithful services amongst us
in building up the congregation. For many
new members have been added during the
past two years.

It is our earnest hope that God will bless
you and Mr. Nichol, and that He will secure
you a long life of increasing usefulness
and success in whatever land you may be
sent.

We shall miss you from the pulpit and also
from the social pleasures. We will never
look for you to those pleasant pastoral visits,
but we hope that our loss may be gain to
others in new fields, and that if we are not
permitted to meet again on earth, we may
all be united in strong hands in the bound-
less realm of glory, where the weary cease
from labor, and friends meet to part no more.

Signed on behalf of the members and
friends of the congregation
H. McKENZIE, REBECCY HILLMOUSE,
WM. BARTLEY, A. S. MCKENZIE.

In reply, Mr. Nichol said that he had
never been so taken by surprise before. The
supper was not such a surprise to him as the
presentation. He had tried to preach the gospel
and do his pastoral work as well, faithfully,
and while some might think that they were
showing the extra quality of their Christian-
ity by grumbling, fault-finding and worse,
it was exceedingly gracious of him to find
that they had chosen a more excellent way.
He wished that that old god yet when he had
tried to preach, teach and love, however fee-
bly, might be to each of them an unending
source of help and happiness throughout all
their life's journey.

The music was packed to the doors, and a
very happy and pleasant evening was brought
to a close, after the singing of a few psalms
by some untried folk present, by all join-
ing in singing the doxology and the pronounc-
ing of the benediction.

PRINCE ALBERT.
A beautiful shower of rain fell here on
the 6th inst., which ought to make the
hearts of the farmers glad.

Mr. William Shannon's boot and shoe
store was broken into Saturday night, the 5th,
and a considerable amount of clothing and
shoes removed therefrom.

Rev. J. H. Howard opened a revival
meeting in the Methodist church on the 5th
inst, and he expects the Rev. Mr. Harrison
from Regina, to be here to help on the work.

The Rural Temple are beginning to
make themselves felt here. There are now
about 176 members in Rupert Council, and
about 60 in St. Andrew's Council, which is
only about 15 miles from here.

The concert at the Police Barracks on
Wednesday and Thursday, the 4th and 5th
inst, was a grand success. Some of the
boys and their ladies who took part in it
deserve praise for the manner in which they
carried out their parts, and especially
Connet Strahan. They received about \$140,
which will pay off the balance of the debt
against the band.

SALICATS.
Messrs. W. B. Baker, Webster and
Somersall arrived on Friday, returning the
same day.

The seed bed is in a fine, wet, mellow
condition, and with the advent of the usual
warm May weather the grain will come up
rapidly.

Teachers for the elementary building have
been secured, but the contract is not yet
awarded as they are so near too high. A
meeting of directors will be held on Mon-
day to discuss the matter.

Mr. A. E. Boake returned from his
tour of inspection, bringing with him Mrs.
Boake. It is gratifying to find that he had
some service for his country during his ab-
sence.

A RESPONSIBLE HINT.
During the week ending up of winter, damp,
richly weather prevails, and rheumatism, neu-
ralgia, lameness, sore throat, cold, quins
and other painful effects of such a cold and
dampness.

Hargrave's Yellow Oil is a truly
valuable household remedy for all such com-
plaints.

The North-West.

News Culled for The Progress
by our own correspondents.

BROADVIEW.

On the evening of the 7th inst., a sur-
prise party visited the Presbyterian manse.
The Rev. Mr. Nichol had been asked to
deliver a lecture on that evening to his
people on leaving the locality. His subject
was "Hold your Tongue." In the afternoon
and evening quite a number of his faithful
with friends and good things arrived. The
ladies from the country took possession of
the manse and prepared and served a very
enjoyable supper.

At the close of this part of the program
Mr. Nichol gave his lecture, which was lis-
tened to with great attention. It was found
on the words of the wise man: "Life and
death are in the power of the tongue," and
contained excellent counsel, rebuke and
warning, as well as sufficient "meat" to make
it agreeable. A. G. Thorburn, M. L. A., oc-
cupied the chair and made some suitable
sympathetic and pointed remarks. At the
close of the lecture Mr. H. McKenzie, a
member of the committee, said he wished
to read a short statement. The following is
the address which he read:

Dear Sir:—We take this opportunity of
presenting you with a gift, here Mr. Wm.

REGINA.

—Jas. Duncan is erecting a store on Broad
St., into which he will remove his grocery
business.

—The excavation for the Smith & Ferguson
block is completed, and work on the founda-
tion will immediately be commenced.

John Dawson, of Dawson, Bole & Co.,
wholesale druggists, is in town. The sale of
Mr. Dawson's household effects took place
on Thursday last.

—The many friends of Mr. T. J. Hunter,
formerly manager of the Bank of Montreal
here, were glad to see him in town this week.
He is assisting Mr. Macmillan, inspector of
the bank's branches.

—Chas. Willoughby, of Williams & Will-
oughby, contractors, sustained severe injuries
in the back yard last night jumping over a
congratulatory from the back of his horse.

—S. B. Jamieson, collector of customs at
this point, was married on Wednesday even-
ing to Miss Martha Cullum. The ceremony
was performed at the residence of the bride's
father, and the happy couple are now receiv-
ing congratulations from their friends.

—The sacred concert given last Friday
evening in the Methodist church was a high-
ly meritorious affair, the rendition of each
and every number of the program being an
artistic production. The commendations of-
fered were fairly filled with an appreciative
audience, and the great credit upon the pro-
ducers of the concert.

—The employees of the Alberta road
some time ago had a ball to raise funds for a
library and reading room. The movement is
in full way of success. A room is to be pro-
vided, papers ordered and books bought. A
committee of management has been appoint-
ed and citizens are invited to join.

—The Alberta Coal & Railway company
begins operations on the third shaft on the
15th of May. The other two are progressing
favorably. The sides of the track are well
backed up with timber for the extensive en-
largement going on at the machine shop,
round house and the depot. Progress on
the American side of the Alberta railway
is being rapidly made. The bridge across
the Belly River here is going ahead.

THE NORTH COUNTRY.

The report of R. G. McConnell of the
geological survey who occupied last season
in exploring the highest unknown country
lying between the Peace and Athabasca
rivers and the Lesser Slave Lake, appears in the
report of the department of interior. He
says: "The whole country between the
Peace and the Athabasca rivers of the Lesser
Slave area of about 25,000 square miles
is generally forested, mainly with spruce
and poplar, and is everywhere character-
ized by an abundance of lakes and of muskegs
and marshes, but strips of excellent land are
scattered along the main rivers and
surrounding many of the lakes, and in the
interior many areas often equal in size to an
eastern county, might be selected, which
are well adapted for cultivation, but the
wide muskegs which separate these de-
tract greatly from their value. Numerous
acres, mostly draining northwards, every-
where interest the surface. Few of these
have any value. The geological infor-
mation obtained in regard to the interior of
the district is small, owing to the almost
complete absence of deep valleys or scarped
banks showing exposures. Lignite was
found in several places, but too thin to be
valuable along Peace river. South of Lesser Slave
lake four seams were found ranging from
one to four feet in thickness, besides a
number of smaller ones, scattered through-
out about 1,000 feet above the surface.
Baffle lignite was also found in Martin river
at the base of Martin mountain. Clay con-
taining iron ore of unusual occurrence in the
extensive shales along the Peace river valley
and in many places between the Peace river
and the mouth of Smoky river. In some ac-
cumulations at the foot of the cliffing the valley,
some of which may prove to be of economic
value. Gold was found in many of the bars
along the Peace river. Four miles above the
mouth of the Peace river is a bar which showed
20 colors from a few handfuls of gravel
washed in a frying pan. Another bar fur-
ther up yielded twenty to forty colors. A
couple of colors were washed out on a
river, which comes into the mouth of Smoky
river from the south-east. Unprospected
lignite, in large quantities was found
along Peace river for some sixty miles below
the Peace river landing. Tar islands
about 30 miles below the mouth of Smoky
river there is a saline spring which is kept
in a constant state of ebullition by the escape
of natural gas. Small quantities of tar line
the sides of the spring and float on the sur-
face of the water. Bituminous nodules
were also observed along the north side of
Lesser Slave lake, and a tar spring is re-
ported on this lake near the mouth of Martin
river, but its situation is a secret.

The Dominion Illustrated for May 10 is
well off in portraiture and scenery, and has,
besides, some of the most interesting of
all Canadian. Lieut.-Col. Chamberlain,
C. I. E., has the post of honour, which none
of his old comrades of the great war could
be to him. Dr. Burgess, the Medical
Superintendent of the new Protestant Hos-
pital for the Insane, Montreal, also appears
in this number. The Rev. Mr. Sandwell,
of Zion Church, Toronto, and the Rev. Mr.
Foot, of the Methodist Church, Toronto, com-
plete the portrait gallery. The
Bellevue Stone, recently donated by Mr.
H. B. Lee to the Bellevue Museum, is de-
picted as a rock here, and is described by
Mr. W. M. Rogers. No. 1 of the all interest-
ing feature of the number is the series of
engravings of work in carpentering, stain-
ing, wood-carving, masonry, etc., done
by pupils of the schools of the Council of
Arts and Manufactures. They are accom-
panied by descriptive letter-press and a
general account of a most important and
too little known movement. To the many
scenes and a picture of the launch of the
Humber at Kingston, Canada, a really
excellent number of this fine pictorial paper.
Address: The Dominion Illustrated, 73 St.
James Street, Montreal.

THE IMPROVED ENGLISH SHIRE
STALLION.

GRANITE 3d

(Registered in the English Stud Book,
No. 72-5 Volume 10.)

Will travel in the Qu'Appelle District for a limited number of approved mares, during the season of 1890. Mares from a distance will be pastured at 25 cents per week, and every care will be taken to avoid accidents, but all mares must be considered at owner's risk.

PEDIGREE, &c.

Sire Premier (2646), by What's Wanted (2332), Dam by Dory (29 9).

Granite was bred in the year 1887, by M. A. E. Cooper, Norman-fund-leath, England, and is the winner of the 1st prize at Ashby-de-la-Zouch, England, he is a grey-iron, and a colt of immense, truly grand quality, with well-shaped legs and feet.

Premier (2646), bred in the year 1880, by Mr. John Elmer, Layton Hall, in one of the most impressive sires of the day.

Mr. Sander Spence's excellent report of the 1886 London Show, in giving a list of the winning sires, states: "The most remarkable addition is Premier (2646), who with the aid of five Yearlings and one Theobald, produced six foals, all of which are six years old."

Again in the report of the 1887 Show, by the same writer: "For the second year in succession, Premier (2646), takes pride of place with seven winners." This stock, both colts and fillies, command extra high prices and are much sought after.

Premier is listed for the season of 1890 to the Leicester and Agricultural Society for 500 s. (\$2,500). The British Life Stock Journal, of March 7th, in speaking of Granite, says: "This valuable importation will no doubt prove beneficial to the farmers of the district."

TERMS.

To insure, \$20; \$5 each down, balance of \$15 payable 1st February, 1891 (satisfactory security being given), if the mare proves to be foal. For the season, \$10, cash down.

Bills will be issued before the season commencing full particulars. To prevent disappointment apply for nominations at once, to J. E. JOHNSON, Hayward, P. O.

The St. Paul, Minneapolis and
Manitoba Railway and Branches
become the

GREAT NORTHERN

RAILWAY LINE.

With 3,300 miles of steel track it runs through 62 counties in Minnesota, North Dakota, South Dakota and Montana, reaching all principal points from St. Paul, Minneapolis, West Superior and Duluth.

It furnishes through close connections, the best and cheapest route to all points in Idaho, Utah, California, Oregon, Washington, British Columbia, Alaska, the Canadian Northwest and Manitoba.

It is the only American line west of Chicago having a track laid with 75 pound steel rail and owning its entire magnificent equipment of elegant Dining and Sleeping Cars, handsome Day Coaches and Free Colonist Sleepers.

It is the only line running through the great Milk River Reservation, with solid trains without change to Chinook, Boston, Great Falls, Helena and Butte.

It is the only line connecting the Turtle Mountain and Moose River sections of North Dakota.

It has three lines through the Red River Valley.

It is the best route from Winnipeg to Duluth, St. Paul, Minneapolis and the East and the South.

It is opened a new route to Iowa, Nebraska, Missouri, Kansas, Colorado, and the Northwest via Sioux City, Iowa.

For rates, tickets, maps and guides apply or write to F. I. WHITNEY, Gen'l. Pass. and Ticket Agent, GREAT NORTHERN RAILWAY, St. Paul, Minn.

Home & Gossip.

Little Local Links in the Town's
Chain of History.

QU'APPELLE.

—Mrs. McLeish has arrived in town for a prolonged stay.

—Notice of the municipal court of Revision appears elsewhere.

—The Sons of England here were organized last evening into a Lodge.

—Mrs. G. H. V. Bulyea is at Moosomin on a visit to Mrs. Sheriff Murphy.

—From today till August 15th the ducks and other water fowl are legally entitled to a rest.

—Hear the Japanese illustrated and costumed lecture next Wednesday evening in the Methodist church.

—Mr. H. S. Blake has purchased the farm of Mr. E. F. B. Dopping-Hoppenstall. He is pleased with his bargain.

—Cabbage, cauliflower, tomato and other plants may be obtained at the Qu'Appelle Medical Hall. Early cabbage and cauliflower now ready.

—Rev. Dr. Sparling and Rev. J. Tozeband went to the Fort on Monday where they held a very successful educational meeting in the evening in behalf of Wesley College.

—Service will be held in the Presbyterian church, on Sunday next, by the Rev. John Ferry, at 14 and 19 o'clock. Mr. Ferry will teach the Bible Class at 15 o'clock.

—The adjourned meeting of the Board of Trade to consider the question of incorporating the town was again adjourned for further report of the committee appointed to obtain information on the subject.

—There was a very small attendance at the educational meeting in the Methodist church last Tuesday. No doubt a dance or a travelling show would have attracted a crowd, notwithstanding a little shower of rain.

—At the Queen's: C. G. Booth, Sinterlin, G. K. Leeson, Calgary; J. J. W. Bell, G. V. Elliot, Fairview; Rufus Atkinson, G. T. Coombes, F. C. Fahy, Winnipeg; Miss. Acheson, Alex. Stewart, Touchwood; C. Harrison, McLeod.

—Messrs. Osler, Hammond & Nanton, of Winnipeg have just issued a new list of farms for sale in Manitoba and the West. They handle the Ontario and Qu'Appelle lands in this vicinity, and will be pleased to place any lands on the market for private parties.

—Messrs. Kearns Bros. this week imported a carload of stock, which included four head of prize Holstein cattle, one bull and three heifers. The bull took first prize last fall at Toronto and Hamilton. The year-old heifer also took first prize at Toronto and Hamilton, and the two-year-old took first and second prize at Hamilton. The balance of the car contained six broad mates for their stock farm, while they now have about eighty head. Messrs. Kearns' farm is on one of the Qu'Appelle lakes, about twenty five miles from this place.

—A meeting of the Baptists of this town and vicinity was held on Monday evening last at the residence of Mr. W. D. McFarlane to consider the advisability of organizing a congregation, but with what results we have not learned.

—At the Leland: W. S. Burns, C. Y. Church, Winnipeg; T. Ronaldson, Ottawa; E. Ferry, W. H. Gay, England; E. C. E. Griffiths, P. B. B. Co.; E. Rabot, Whitewood, H. W. Lamb, Fort Qu'Appelle; L. D. Keown, Moosomin.

—The meeting called for last evening to organize a League for the discussion of Imperial Federation has been postponed till Tuesday evening next, at 20 o'clock, when a full attendance is requested.

—Mr. J. White and family have arrived here from England with the intention of taking up their permanent residence in this vicinity. It will be remembered, Mr. White and his brother were here last summer spying out the land and were so well pleased that they have determined to make the future home in the Qu'Appelle district.

—The Rev. John Ferry will be inducted to the pastoral charge of the Presbyterian congregation of the town of Qu'Appelle on Monday evening, the 19th inst. Rev. Mr. Nicholl will preside, Rev. Mr. Moore will preach, Rev. Mr. Robson will address the minister and Rev. Mr. Hamilton the people. After the induction Mr. Ferry will be given a reception in the Immigration Buildings. All are cordially invited.

—On the 21st inst. in the Methodist church, in this town, a lecture, illustrated by magnificent line light dissolving views, will be delivered by the Rev. C. T. Cocking, on the manners and customs of the Japanese. These views, taken from life by the best Japanese artists, cannot be surpassed, indeed it is doubtful if there are any to equal them. The lantern is of the best make, throwing a good 20 foot picture. At the close the lecturer will appear in native costume, give an address in Japanese, and exhibit a large number of articles used by the people in their daily life. Begins at 20 o'clock. Tickets 25 cents. Children 15 cents. Proceeds in aid of the Parsonage fund.

—On Monday evening last Qu'Appelle Council, Royal Templars of Temperance, held a very successful open meeting in the Methodist church. The music included solos, choruses, and instrumental pieces, all of which were well rendered. Mr. D. S. Davies presided at the organ and conducted the musical portion of the program in his usual splendid style. There were songs by Messrs H. Jagger, D. S. Davies, M. Westaway, G. Bailey, J. Bartley and Miss F. Barnsley. The Select Councillor, Mr. James Weidman, presided and gave an address on being in earnest in Temperance work. Mr. G. C. D. Edmonds read an excellent original paper on "Shams and humbugs." Miss E. Glover gave a beautiful recitation "Other refuge had he none," describing a shipwrecked man on a mast who it was not possible to rescue, in which was introduced some of the lines of the hymn "Jesus, lover of my soul." Miss Florence Flower recited well "Have you any stars in your crown?" Miss J. Bell recited "The Soldier's return" in good style. Miss H. Cates gave a good rendering of "The Teetotal Mill," which was appropriate to her spectacular style of reciting. Mr. J. E. Glover and T. W. Campbell gave humorous readings, which were laughter provoking and added spice to the program. Considerable enthusiasm was stirred up both among the members and outsiders who were present in fair numbers.

J. P. BEAUCHAMP.

QU'APPELLE, N. W. T.

A. Harris, Son & Co., Brantford.

WE do not claim to have received a Gold Medal at Paris, although we received two Silver Medals, but we DO CLAIM—

FIRST—To have defeated the Massey (Toronto) Binder in every competition in the world, where we have met it on an equal footing.
SECOND—During the season of 1889-90, in Australasia, the "Brantford" defeated all the leading binders of the world. See list of victories.

THIRD—In the Australasian competitions the "Brantford" Binder defeated the Massey (Toronto) SIX TIMES; or EVERY TIME the two binders came into competition the "Brantford" was victorious. See list of victories.

FOURTH—The "Brantford" Binder replaced every other binder of any consequence made in Canada in 1889. That is, where other makes of NEW binders failed and were returned, the "Brantford" was purchased and successfully finished the work.

FIFTH—We challenge any one to point to a single instance where a new "Brantford" has been returned through failure to do its work.
SIXTH—A great many more "Brantford" Binders were sold in Canada in 1889 than of ANY OTHER MAKE, and as many as were sold by FOURTEEN other Canadian makers put together.

SEVENTH—The "Brantford" Binder is a "Home" machine and has a "Home" record without a single defect in any kind of crop used by hundreds of satisfied farmers in all the provinces of the Dominion.

EIGHTH—The "Brantford" Binder, as sold "at home," is specially designed and built for home trade, and is particularly adapted to the needs of Canadian farms and farmers. For foreign countries it is built to suit the peculiarities of the land and crop prevailing where it is sold.
